#### FLEXSTEEL INDUSTRIES, INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) FOR THE PERIOD ENDED SEPTEMBER 30, 2021

#### 1. BASIS OF PRESENTATION AND DESCRIPTION OF BUSINESS

DESCRIPTION OF BUSINESS – Flexsteel Industries, Inc. and Subsidiaries (the "Company" or "Flexsteel" or "Our") is one of the largest manufacturers, importers and online marketers of furniture products in the United States. Product offerings include a wide variety of furniture such as sofas, loveseats, chairs, reclining and rocker-reclining chairs, swivel rockers, sofa beds, convertible bedding units, occasional tables, desks, dining tables and chairs and bedroom furniture. A featured component in most of the upholstered furniture is a unique steel drop-in seat spring from which the name "Flexsteel" is derived. The Company distributes its products throughout the United States through its e-commerce channel and dealer sales force.

COVID-19 - In March 2020, a novel strain of coronavirus ("COVID-19") was declared a global pandemic by the World Health Organization. This pandemic has negatively affected the U.S. and global economies, disrupted global supply chains and financial markets, led to significant travel and transportation restrictions, including mandatory business closures and orders to shelter in place. The Company's business operations and financial performance for fiscal year 2020 were impacted by COVID-19. During the year ended June 30, 2021, the Company saw improvement in our business conditions as retailers reopened and orders increased, however, we continued to see supply chain challenges faced by the furniture industry due to the limited availability of ocean containers and significant increases in ocean container rates, limited availability and inflationary pressures in key materials, and labor shortages both in Asia and the United States. These supply chain issues have continued during the three months ended September 30, 2021. The COVID-19 pandemic remains fluid and the extent of the impact to our business may be significant, however, we are unable to predict the extent or nature of these impacts at this time.

BASIS OF PRESENTATION – The Consolidated Financial Statements included herein have been prepared by Flexsteel, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). The information furnished in the Consolidated Financial Statements includes normal recurring adjustments and reflects all adjustments, which are, in the opinion of management, necessary for a fair presentation of such Consolidated Financial Statements. Operating results for the three months ended September 30, 2021, are not necessarily indicative of the results that may be expected for the fiscal year ending June 30, 2022. Certain information and footnote disclosures normally included in the Consolidated Financial Statements prepared in accordance with generally accepted accounting principles ("GAAP") in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. Except to the extent updated or described below, the significant accounting policies set forth in Note 1 to the Consolidated Financial

Statements in the Company's Annual Report on Form 10-K for the year ended June 30, 2021, appropriately represent, in all material respects, the current status of accounting policies and are incorporated by reference.

RECENTLY ADOPTED ACCOUNTING PRONOUNCEMENTS – In December 2019, the FASB issued ASU 2019-12 "Income Taxes Simplifying the Accounting for Income Taxes (Topic 740)" as part of its initiative to reduce complexity in the accounting standards. The amendments in ASU 2019-12 eliminate certain exceptions related to the approach for intraperiod tax allocation, the methodology for calculating income taxes in an interim period and the recognition of deferred tax liabilities for outside basis differences. ASU 2019-12 also clarifies and simplifies other aspects of the accounting for income taxes. The amendments in this guidance were effective for fiscal years beginning after December 15, 2020, with early adoption permitted. Effective July 1, 2021, the Company adopted Topic 740 and there was no impact to the Company's financial statements.

#### 2. INVENTORIES

A comparison of inventories is as follows:

	September 30,	June 30,
(in thousands)	2021	2021
Raw materials	\$ 26,460	\$ 22,500
Work in process and finished parts	7,267	6,234
Finished goods	159,973	132,391
Total	\$ 193,700	\$ 161,125
		\$

#### **3. ASSETS HELD FOR SALE**

During fiscal year 2020, the Company committed to a plan to sell assets located at the Company's Harrison, Arkansas; Dubuque, Iowa; and Starkville, Mississippi locations as part of the Company's restructuring plan, see Note 5 *Restructuring*. A summary of the assets held for sale as of September 30, 2021, is included in the table below.

Location (in thousands)	Asset Category	Cost	Accumulated Depreciation	Net Book Value
Starkville, Mississippi	Building & building improvements	4,615	(4,254)	361
	Land & land improvements	694	(439)	255
	Total Starkville	5,309	(4,693)	616
	Total assets held for sale	\$ 5,309	\$ (4,693)	\$ 616

On September 10, 2021, the Company closed on the sale of the Harrison property resulting in net proceeds to the Company of \$1.5 million after customary closing costs, prorations, and sales commissions and the Company recorded a pre-tax gain of \$1.4 million which is reflected in the (gain) on disposal of assets due to restructuring in the Company's Consolidated Statements of Income.

#### 4. LEASES

The Company accounts for its leases in accordance with ASU No. 2016-02, *Leases (Topic 842) ("ASC 842")*. ASC 842 requires lessees to (i) recognize a right of use asset ("ROU asset") and a lease liability that is measured at the present value of the remaining lease payments on the Consolidated Balance Sheets, (ii) recognize a single lease cost, calculated over the lease term on a straight-line basis and (iii) classify lease related cash payments within operating and financing activities. The Company has made an accounting policy election to not recognize short-term leases on the Consolidated Balance Sheets and all non-lease components, such as common area maintenance, were excluded. At any given time during the lease term, the lease liability represents the present value of the remaining lease payments, and the ROU asset is measured as the amount of the lease liability, adjusted for pre-paid rent, unamortized initial direct costs and the remaining balance of lease incentives received. Both the lease ROU asset and liability are reduced to zero at the end of the lease term.

The Company leases distribution centers and warehouses, manufacturing facilities, showrooms, and office space. At the lease inception date, the Company determines if an arrangement is, or contains a lease. Some of the Company's leases include options to renew at similar terms. The Company assesses these options to determine if the Company is reasonably certain of exercising these options based on relevant economic and financial factors. Options that meet these criteria are included in the lease term at the lease commencement date.

On August 20, 2021, Flexsteel entered into a lease agreement for the construction of a 507,830 square foot manufacturing facility in Mexicali, Mexico. The lease commencement date under ASC842 guidance will be April 1, 2022, the date the lessor makes the building available for use by the Company for purposes of completing any leasehold improvements required by the Company prior to beginning operations. The 12-year lease term begins on June 1, 2022, and ends on May 31, 2034, with options for two five-year extensions. Annual base rent under the lease is \$3.1 million plus taxes, insurance, and common area maintenance costs.

On September 28, 2021, Flexsteel entered into a Warehousing Agreement, a component of which meets the definition of a lease under ASC842. The lease component includes a 241,920 square foot facility in Greencastle, Pennsylvania, and all improvements and equipment necessary to operate the facility. The lease commencement date is October 1, 2021, the date the building became available for use by the Company. The 125-month lease term began on October 1, 2021, and ends on February 28, 2034, with an option for a 5-year extension. Annual base rent under the lease is \$1.8 million plus taxes, insurance, utilities, and common area maintenance costs.

For purposes of measuring the Company's ROU asset and lease liability, the discount rate utilized by the Company was based on the average interest rates effective for the Company's line of credit. Some of the Company's leases contain variable rent payments, including common area maintenance and utilities. Due to the variable nature of these costs, they are not included in the measurement of the ROU asset and lease liability.

The components of the Company's leases reflected on the Company's Consolidated Statements of Income were as follows:

		Three Months Ended

#### 5. RESTRUCTURING

On May 15, 2019, the Company announced its plans to exit the Commercial Office and custom-designed Hospitality product lines. The changes were initial outcomes driven from customer and product line profitability and footprint utilization analyses in the fourth quarter of fiscal 2019.

On June 18, 2019, the Company announced it completed the analysis and planning process and set forth the comprehensive transformation program to be executed over a two-year period, which included the previously announced restructuring activities on May 15, 2019. The transformation program included activities such as business simplification, process improvement, exiting of non-core businesses, facility closures, and reductions in work force. The Company has substantially completed the portion of the restructuring activities related to the exit of the Commercial Office and custom-designed Hospitality product lines.

On April 28, 2020, the Company announced the exit of Vehicle Seating and the remainder of the Hospitality product lines, and subsequently closed its Dubuque, Iowa and Starkville, Mississippi manufacturing facilities. The remaining properties listed for sale as part of the footprint optimization are included in Note 3, *Assets Held for Sale*. The Company substantially completed the restructuring activities related to the exit of Vehicle Seating and the remainder of the Hospitality product lines during fiscal 2021.

As a result of these planned actions, the Company anticipated incurring pre-tax restructuring and related expenses of approximately \$56 to \$58 million over this two-year timeframe. Total cumulative restructuring and related costs incurred as of September 30, 2021, was \$58.8 million.

The following is a summary of restructuring costs:

#### 6. CREDIT ARRANGEMENTS

On August 28, 2020, the Company entered into a two-year secured \$25.0 million revolving line of credit with Dubuque Bank and Trust Company, with interest of 1.50% plus LIBOR, subject to a floor of 3.00%. The revolving line of credit was secured by essentially all the Company's assets, excluding real property and required the Company maintain compliance with certain financial and non-financial covenants. There was no balance on this line of credit on September 30, 2021, and the line of credit was cancelled.

On September 8, 2021, the Company, as borrower, entered into a credit agreement (the "Credit Agreement") with Wells Fargo Bank, National Association (the "Lender") and the other lenders party thereto. The Credit Agreement has a five-year term and provides for up to an \$85 million revolving line of credit. Subject to certain conditions, the Credit Agreement also provides for the issuance of letters of credit in an aggregate amount up to \$5,000,000 which, upon issuance, would be deemed advances under the revolving line of credit. The Company's \$1.2 million of letters of credit previously issued by the Lender are being treated as outstanding under the Credit Agreement. Proceeds of borrowings were used to refinance all indebtedness owed to Dubuque Bank & Trust and for working capital purposes. The Company's obligations under the Credit Agreement are secured by substantially all of its assets, excluding real property. Subject to certain conditions, borrowings under the Credit Agreement bear interest at LIBOR plus 1.25% or 1.50% per annum, or an effective interest rate of 1.58025% on September 30, 2021. If LIBOR becomes unavailable, the replacement rate will be determined pursuant to the terms of the Credit Agreement. The Credit Agreement contains customary representations, warranties and covenants, including a financial covenant to maintain a fixed coverage ratio of not less than 1.00:1.00. In addition, the Loan Agreement places restrictions on the Company's ability to incur additional indebtedness, to create liens or other encumbrances, to sell or otherwise dispose of assets, and to merge or consolidate with other entities.

As of September 30, 2021, there was \$53.1 million outstanding under the Credit Agreement, exclusive of fees and letters of credit.

Letters of credit outstanding at Wells Fargo Bank N.A. ("Wells") as of September 30, 2021, totaled \$1.2 million.

#### 7. INCOME TAXES

The provision for income taxes for the interim periods is based on an estimate of the Company's annual effective tax rate adjusted to reflect the impact of discrete items. Management judgment is required in projecting ordinary income to estimate the Company's annual effective tax rate. The Company's effective tax rate for the quarters ended September 30, 2021, and September 30, 2020, were 23.2% and 51.3%, respectively.

## 8. STOCK-BASED COMPENSATION

The Company accounts for its stock-based compensation plans in accordance with ASC 718, *Stock Compensation*, which requires the Company to measure all share-based payments at grant date fair value and recognize the cost over the requisite service period. Restricted shares and restricted stock units ("RSUs") generally vest over 1 to 3 years. Stock options are granted at an exercise price equal to the fair value of the Company's common stock price at the grant date and are exercisable for up to 10 years upon vesting. Stock-based compensation is included in selling, general and administrative, and restructuring expenses on the Consolidated Statements of Income. The stock-based compensation expense included in restructuring expense were for retention RSUs in connection with the Company's restructuring plan. Forfeitures are recognized as incurred.

The following table is a summary of total stock-based compensation expense for the three months ended September 30, 2021.

		Three Mo	onths Ended		
		September 30,			
(in thousands)	2021			2020	
Total stock-based compensation expense	\$	1,162	\$		954

The Company has two stock-based compensation plans available for granting awards to employees and directors.

(1) Long-Term Incentive Compensation Plan ("LTIP")

The LTIP provides for performance stock units ("PSUs") to be awarded to officers and key employees based on performance goals set by the Compensation Committee of the Board of Directors (the "Committee"). For awards under the LTIP for the three-year period ending June 30, 2022, 2023, and 2024, participants may earn one-third of the award in each of the three years based on meeting performance goals for that year. The Committee selected Adjusted Earnings Before Interest and Tax with a defined percentage growth in fiscal years 2022, 2023, and 2024 as the performance metric. In conjunction with each grant of PSUs, the Committee grants RSUs under the 2013 Omnibus Stock Plan that vest at the end of three years.

The table below sets forth, as of September 30, 2021, the number of unvested PSUs granted at the target performance level for the 2020-2022, 2021-2023 and 2022-2024 performance periods under the LTIP and the number of unvested RSUs granted in conjunction with the PSUs:

	Time Based Vest (RSUs)			Performa	Performance Based Vest (PSUs)			Total			
			Weighted Average Fair Value			Weighted Average Fair Value	Weighted Averag Fair Value				
(shares in thousands)	Shares		Per Share	Shares	Shares Per Share		Shares	Per Share

Forfeited						—					
Unvested as of September 30, 2021	134	\$	19.63	182	\$	19.80	316	\$	19.73		

Total unrecognized stock-based compensation related to the unvested PSUs at the target performance level and the related unvested RSUs was \$3.85 million as of September 30, 2021, which is expected to be recognized over a weighted average period of 1.7 years.

#### (2) 2013 Omnibus Stock Plan

The 2013 Omnibus Stock Plan is for key employees, officers and directors and provides for the granting of incentive and nonqualified stock options, restricted stock, restricted stock units, stock appreciation rights and performance units.

## **Restricted shares and RSUs**

A summary of the activity in the Company's unvested restricted shares and unvested RSUs (not granted in conjunction with PSUs) during the three months ended September 30, 2021 is as follows:

	Shares	V	Weighted Average Fair Value
	(in thousands)		Per Share
Unvested as of June 20, 2021	56	\$	26.81

43.09 - 47.45	16	5.0		45.42		
\$ 9.97 - 47.45	225	6.4	\$	21.22		

Total unrecognized stock-based compensation expense related to options was \$0.12 million as of September 30, 2021, which is expected to be recognized over a weighted average period of 1.5 years.

#### Stock-based compensation granted outside a plan

During the quarter ended June 30, 2020, the Company awarded its Chief Financial Officer/Chief Operating Officer 79,000 options outside of any Company stock plans. Total unrecognized stock-based compensation expense related to options awarded outside a plan was \$0.04 million as of September 30, 2021, which is expected to be recognized over a period of 1.5 years.

#### 9. EARNINGS PER SHARE

Basic earnings per share (EPS) of common stock are based on the weighted-average number of common shares outstanding during each period. Diluted earnings per share of common stock include the dilutive effect of potential common shares outstanding. The Company's potential common shares outstanding are stock options, shares associated with the Long-Term Incentive Compensation Plan and non-vested restricted stock units and restricted shares. The Company calculates the dilutive effect of outstanding options, restricted stock

units and restricted shares using the treasury stock method. Anti-dilutive options are not included in the computation of diluted EPS when their exercise price is greater than the average closing market price of the common shares.

	Three Mon Septem	
(in thousands)	2021	2020
Basic shares	6,834	7,702
Potential common shares:		
Stock options	163	72
Non-vested restricted stock units and restricted shares	93	134
	256	206
Diluted shares	7,090	7,908
Anti-dilutive shares	16	200

Cash dividends declared per common share were \$0.15 and \$0.15 for the three months ended September 30, 2021, and September 30, 2020, respectively.

#### **10. LITIGATION**

<u>Environmental Matters</u> – In March 2016, the Company received a General Notice Letter for the Lane Street Groundwater Superfund Site (the "Lane Street Site") located in Elkhart, Indiana from the U.S. Environmental Protection Agency (EPA). In April 2016, the EPA issued their proposed clean-up plan for groundwater pollution and request for public comment. The Company responded to the request for public comment in May 2016. The EPA issued a Record of Decision selecting a remedy in August 2016 and estimated total costs to remediate of \$3.6 million. In July 2017, the EPA issued a Special Notice Letter to the Company demanding that the Company perform the remedy selected and pay for the remediation cost and past response costs of \$5.5 million. On October 12, 2017, the Company, after consultation with its insurance carriers, offered an amount, fully reimbursable by insurance coverage, to the EPA to resolve this matter. On November 6, 2017, the settlement offer extended on October 12, 2017, was rejected.

In April 2018, the EPA issued a Unilateral Administrative Order for Remedial Design and Remedial Action (the "Order") against the Company. The Order was issued under Section 106(a) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. §9606(a). The Order directs the Company to perform remedial design and remedial action for the Lane Street Site. The Order was to be effective May 29, 2018. To ensure completion of the remediation work, the EPA required the Company to secure financial assurance in the initial amount of \$3.6 million, which as noted above, is the estimated cost of remedial work. The Company believes that financial assurance is not required because it meets the relevant financial test criteria as provided in the Order. In May 2018, the EPA agreed to suspend enforcement of the Order so that the Company could conduct environmental testing upgradient to its former manufacturing location pursuant to an Administrative Order on Consent (AOC). On April 24, 2019, the Company signed an AOC with the EPA to conduct the upgradient investigation. The Company negotiated site access to the upgradient property over a period of months in 2019, followed by completion of sampling activities on that property on September 28-29, 2019. Following multiple exchanges from November 2019 through early 2020, the Company submitted a final and supplemental report to the EPA regarding the results of the upgradient investigation on June 17, 2020. Through agreement with the EPA the statute of limitations for potential claims by the EPA was extended through November 30, 2021. The Company reflected a \$3.6 million liability in the Consolidated Balance Sheets for the fiscal year ended June 30, 2018. Despite the Company's position that it did not cause nor contribute to the contamination, the Company continues to reflect this liability in the Conspliaded Balance Sheets as of September 30, 2021, in accordance with FASB issued *Asset Retirement and Environmental Obligations (ASC 410-30)*. The Compa

<u>Other Proceedings</u> – From time-to-time, the Company is subject to various other legal proceedings, including lawsuits, which arise out of, and are incidental to, the conduct of the Company's business. The Company does not consider any of such other proceedings that are currently pending, individually or in the aggregate, to be material to its business or likely to result in a material effect on its consolidated operating results, financial condition, or cash flows.

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### GENERAL

The following analysis of the results of operations and financial condition of the Company should be read in conjunction with the Consolidated Financial Statements and related notes included elsewhere in this quarterly report on Form 10-Q.

#### Statement Regarding the Impact of the COVID-19 Pandemic

The World Health Organization ("WHO") on March 11, 2020, declared novel coronavirus 2019 ("COVID-19") a global pandemic.

During the quarter ended September 30, 2021, we saw improvement in our business conditions, however, we continued to see supply chain challenges faced by the furniture industry due to limited availability of ocean containers and significant increases in ocean container rates, limited availability and inflationary pressures in key materials, and labor shortages both in Asia and the United States. The COVID-19 pandemic remains fluid because of the evolution of COVID-19 variants, and the extent of the ongoing impact to our business may be significant, however, we are unable to predict the extent or nature of these impacts at this time.

#### CRITICAL ACCOUNTING POLICIES:

There have been no material changes to our critical accounting policies and estimates from the information provided in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations", included in our 2021 annual report on Form 10-K.

#### <u>Overview</u>

The following table has been prepared as an aid in understanding the Company's results of operations on a comparative basis for the three months ended September 30, 2021 and 2020. Amounts presented are percentages of the Company's net sales.

	Three Months Ended September 30,				
	2021	2020			
Net sales	100.0 %	100.0 %			
Cost of goods sold	83.0	78.3

Income tax provision	1.0	3.9			
Net income	3.2 %	3.7 %			

#### Results of Operations for the Quarter Ended September 30, 2021 vs. 2020

Net sales were \$137.7 million for the quarter ended September 30, 2021, compared to net sales of \$105.2 million in the prior year quarter, an increase of 30.8%. The increase in sales of \$32.5 million was primarily driven by an increase of \$35.7 million related to home furnishing products sold through retailers and offset by a decrease of \$3.2 million for home furnishing products sold through e-commerce channels or a decrease of 19.7% compared to the prior year quarter.

Retail home furnishings backlog was \$133 million for the quarter ended September 30, 2021, an increase of 56.5% as compared to \$85 million home furnishings backlog in the prior year quarter.

Gross margin as a percent of net sales for the quarter ended September 30, 2021, was 17.0%, compared to 21.7% for the prior year quarter, a decrease of 470 basis points ("bps"). The 470-bps decrease was primarily due to a 740-basis point decrease related to on-going supply chain issues including higher costs related to material, labor, and ocean and domestic freight, and partially offset by an increase of 270-basis points primarily related to volume, mix, and price realizations.

Selling, general and administrative ("SG&A") expenses increased \$4.6 million or 32.5% to \$18.8 million in the first quarter ended September 30, 2021, as compared to \$14.2 million in the first quarter of fiscal 2021. As a percentage of net sales, SG&A was 13.6% in the first quarter of fiscal 2022 compared to 13.5% of net sales in the prior year quarter. The increase in SG&A is due primarily to higher

sales and phasing out the COVID-19 expense reduction initiatives that were in place in the first quarter of the prior year. This action resulted in an increase in salaries, wages, and related costs of \$1.6 million and an increase in sales, marketing, and investments in growth initiatives of \$3.7 million in the first quarter of fiscal year 2022. These increases were partially offset by a decrease of \$0.7 million in volume efficiencies.

During the quarter ended September 30, 2021, we incurred \$0.15 million of restructuring expenses primarily for ongoing utilities and maintenance costs for our facilities listed as held for sale. See Note 5, Restructuring, of the Notes to Consolidated Financial Statements, included in this Quarterly Report on Form 10-Q for more information.

Income tax expense was \$1.3 million, or an effective rate of 23.2%, and \$4.1 million, or an effective rate of 51.3% during the quarter ended September 30, 2021, and September 30, 2020, respectively.

Net income was \$4.35 million, or \$0.61 per diluted share for the quarter ended September 30, 2021, compared to net income of \$3.9 million, or \$0.49 per diluted share in the prior year quarter.

#### Liquidity and Capital Resources

Working capital (current assets less current liabilities) on September 30, 2021, was \$181.5 million compared to \$128.7 million at June 30, 2021. The \$52.8 million increase in working capital was due to an increase in cash of \$2.7 million, an increase in inventory of \$32.6 million, an increase in other current assets of \$1.4 million, a decrease in accounts payable of \$22.8 million, and a decrease in other current liabilities of \$1.0 million, partially offset by a decrease of \$7.7 million in trade receivables. Capital expenditures were \$0.8 million and are estimated to be in the range of \$11.5 to \$13.5 million for the fiscal year ending June 30, 2022.

A summary of operating, investing and financing cash flow is shown in the following table:

	Three Months Ended			
(in thousands)		2021		2020
Net cash (used in) operating activities	\$	(44,315)	\$	(2,186)
Net cash provided by investing activities		629		319
Net cash provided by (used in) financing activities		46,339		(9,783)
Increase (decrease) in cash and cash equivalents	\$	2,653	\$	(11,650)

#### Net cash (used in) operating activities

For the three months ended September 30, 2021, net cash used in operating activities was \$44.3 million, which primarily consisted of net income of \$4.4 million, adjusted for non-cash items including depreciation of \$1.3 million, gain from the sale of capital assets of \$1.4 million, and stock-based compensation of \$1.2 million. Net cash used in operating assets and liabilities was \$49.8 million. The cash used in operating assets and liabilities of \$49.8 million was primarily due to an increase in inventory of \$32.6 million due to continued inventory build, an increase in other current assets of \$1.4 million, a decrease in accounts payable of \$22.8 million and a decrease in accrued liabilities of \$0.7 million, partially offset by a decrease in trade receivables of \$7.7 million.

For the quarter ended September 30, 2020, net cash used in operating activities was \$2.2 million, which primarily consisted of net income of \$3.9 million, adjusted for non-cash depreciation of \$1.4 million, gain from the sale of capital assets of \$0.6 million, change in deferred income taxes of \$2.1 million, and non-cash stock-based compensation of \$1.0 million. Net cash used in operating assets and liabilities was \$9.8 million primarily due to an increase in trade receivables of \$7.5 million, an increase in inventory of \$5.2 million, and an increase in other current assets of \$2.3 million, partially offset by an increase in accrued liabilities of \$3.9 million and accounts payable of \$1.1 million.

#### Net cash provided by investing activities

For the three months ended September 30, 2021, net cash provided by investing activities was \$0.63 million, primarily due to proceeds of \$1.45 million for the sale of our Harrison, Arkansas, facility, partially offset by capital expenditures of \$0.8 million.

For the quarter ended September 30, 2020, net cash provided by investing activities was \$0.3 million, primarily due to proceeds of \$0.7 million for the sale of one of our Harrison, Arkansas, facilities, partially offset by capital expenditures of \$0.4 million.

## Net cash (used in) provided by financing activities

For the three months ended September 30, 2021, net cash provided by financing activities was \$46.3 million, primarily due to proceeds from lines of credit of \$74.6 million, offset by payments on lines of credit of \$25.0 million, \$1.9 million for treasury stock purchases, dividends paid of \$1.1 million, and \$0.2 million for tax payments on employee vested restricted shares.

For the quarter ended September 30, 2020, net cash used in financing activities was \$9.8 million, primarily due to \$9.0 million for treasury stock purchases and dividends paid of \$0.5 million.

#### Line of Credit

On September 8, 2021, the Company, as borrower, entered into a credit agreement (the "Credit Agreement") with Wells Fargo Bank, National Association (the "Lender") and the other lenders party thereto. The Credit Agreement has a five-year term and provides for up to an \$85 million revolving line of credit. Subject to certain conditions, the Credit Agreement also provides for the issuance of letters of credit in an aggregate amount up to \$5,000,000 which, upon issuance, would be deemed advances under the revolving line of credit. The Company's \$1.2 million of letters of credit previously issued by Lender are being treated as outstanding under the Credit Agreement. Proceeds of borrowings were used to refinance all indebtedness owed to Dubuque Bank & Trust and for working capital purposes. The Company's obligations under the Credit Agreement are secured by substantially all of its assets, excluding real property. Subject to certain conditions, borrowings under the Credit Agreement bear interest at LIBOR plus 1.25% or 1.50% per annum, or an effective interest rate of 1.58025% on September 30, 2021. If LIBOR becomes unavailable, the replacement rate will be determined pursuant to the terms of the Credit Agreement. The Credit Agreement contains customary representations, warranties, and covenants, including a financial covenant to maintain a fixed coverage ratio of not less than 1.00:1.00. In addition, the Loan Agreement places restrictions on the Company's ability to incur additional indebtedness, to create liens or other encumbrances, to sell or otherwise dispose of assets, and to merge or consolidate with other entities.

As of September 30, 2021, there was \$53.1 million outstanding under the Credit Agreement, exclusive of fees and letters of credit.

Letters of credit outstanding at Wells Fargo Bank N.A. ("Wells") as of September 30, 2021, totaled \$1.2 million.

#### Contractual Obligations

As of September 30, 2021, there have been no material changes to our contractual obligations presented in our Annual Report on Form 10-K for the year ended June 30, 2021.

#### Item 3. Quantitative and Qualitative Disclosures About Market Risk

*General* – Market risk represents the risk of changes in the value of a financial instrument, derivative or non-derivative, caused by fluctuations in interest rates, foreign exchange rates and equity prices. As discussed below, management of the Company does not believe that changes in these factors could cause material fluctuations in the Company's results of operations or cash flows. The ability to import furniture products can be adversely affected by political issues in the countries where suppliers are located, disruptions associated with shipping distances and negotiations with port employees. Other risks related to furniture product importation include government imposition of regulations and/or quotas; duties, tariffs and taxes on imports; and significant fluctuation in the value of the U.S. dollar against foreign currencies. Any of these factors could interrupt supply, decrease sales, increase costs and decrease earnings.

*Foreign Currency Risk* – During the quarters ended September 30, 2021 and 2020, the Company did not have sales, but has purchases and other expenses denominated in foreign currencies. The market risk associated with currency exchange rates and prices is not considered significant.

*Interest Rate Risk* – The Company's primary market risk exposure with regard to financial instruments is changes in interest rates. On September 30, 2021, the Company had \$53.1 million outstanding on its line of credit, exclusive of fees and letters of credit.

#### Item 4. Controls and Procedures

(a) *Evaluation of disclosure controls and procedures.* Based on their evaluation as of the end of the period covered by this Quarterly Report on Form 10-Q, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) were effective as of September 30, 2021.

(b) *Changes in internal control over financial reporting.* During the quarter ended September 30, 2021, there were no significant changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934, as

amended) that have materially affected, or are reasonably likely to materially affect the Company's internal control over financial reporting.

## Cautionary Statement Relevant to Forward-Looking Information for the Purpose of "Safe Harbor" Provisions of the Private Securities Litigation Reform Act of 1995

The Company and its representatives may from time to time make written or oral forward-looking statements with respect to long-term goals or anticipated results of the Company, including statements contained in the Company's filings with the Securities and Exchange Commission and in its reports to stockholders.

Statements, including those in this Quarterly Report on Form 10-Q, which are not historical or current facts, are "forward-looking statements" made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. There are certain important factors that could cause our results to differ materially from those anticipated by some of the statements made herein. Investors are cautioned that all forward-looking statements involve risk and uncertainty. Some of the factors that could affect results are the cyclical nature of the furniture industry, supply chain disruptions, litigation, the effectiveness of new product introductions and distribution channels, the product mix of sales, pricing pressures, the cost of raw materials and fuel, retention and recruitment of key employees, actions by governments including laws, regulations, taxes and tariffs, inflation, the amount of sales generated and the profit margins thereon, competition (both U.S. and foreign), credit exposure with customers, participation in multi-employer pension plans, timing to implement restructuring, the impact of the COVID-19 pandemic and general economic conditions. For further information regarding these risks and uncertainties, see the "Risk Factors" section in Item 1A of our most recent Annual Report on Form 10-K.

The Company specifically declines to undertake any obligation to publicly revise any forward-looking statements that have been made to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.
