Flexsteel Announces Record Net Income for Fiscal Year and Fourth Quarter Ended June 30, 2012

DUBUQUE, Iowa--(BUSINESS WIRE)--August 14, 2012--Flexsteel Industries, Inc. (NASDAQ:FLXS) today reported record net income for the fiscal year ended June 30, 2012 of \$13.1 million or \$1.86 per share compared to net income of \$10.4 million or \$1.50 per share in the prior year. Net income for the quarter ended June 30, 2012 was a record \$4.4 million or \$0.61 per share compared to net income of \$3.5 million or \$0.50 per share in the prior year quarter.

Net sales for the fiscal year ended June 30, 2012 were \$352.1 million compared to \$339.4 million in the prior fiscal year, an increase of 4%. Net sales for the quarter ended June 30, 2012 increased 12% to \$93.9 million compared to the prior year quarter of \$84.2 million.

Net income for the fiscal year improved due to better absorption of fixed costs on the higher sales volume, lower freight costs and a decrease in bad debt expense which were offset by higher legal and professional fees of \$2.1 million, primarily related to an Indiana civil lawsuit. The prior year included facility closing costs of \$1.0 million and a \$0.6 million inventory write-down related to the facility closing. Net income for the fourth fiscal quarter improved due to better absorption of fixed costs from the increased sales volume.

For the fiscal year ended June 30, 2012, residential net sales were \$275.4 million compared to \$258.1 million for the year ended June 30, 2011, an increase of 7%. Commercial net sales were \$76.7 million for the year ended June 30, 2012, a decrease of 6% from net sales of \$81.3 million for the year ended June 30, 2011.

For the quarter ended June 30, 2012, residential net sales increased 16% to \$74.8 million compared to the prior year quarter of \$64.4 million. Commercial net sales were \$19.1 million for the quarter ended June 30, 2012 compared to \$19.8 million in the prior year quarter.

Working capital (current assets less current liabilities) at June 30, 2012 was \$103.7 million as compared to \$100.7 million at June 30, 2011. Significant changes in working capital from June 30, 2011 to June 30, 2012 included increased inventories of \$9.0 million and increased accounts receivable of \$2.2 million partially offset by a decrease in cash of \$3.9 million and increased current liabilities of \$4.4 million. The higher inventory levels are to support the increases in residential sales volume, expanded product offerings and also reflect the timing of inventory receipts, especially imported finished products and components which require longer lead times. The increase in accounts receivable resulted from the higher shipments in the fourth fiscal quarter.

Cash decreased by \$3.9 million during fiscal year 2012 with net cash provided by operating activities of \$9.0 million offset by capital expenditures of \$10.9 million, including \$8.8 million related to construction of a corporate office building, and payment of dividends of \$2.5 million. The Company expects that capital expenditures will decrease to approximately \$6.0 million in fiscal year 2013 including \$2.6 million for the completion of the corporate office building.

All earnings per share amounts are on a diluted basis.

Outlook

The Company believes that moderate overall top line growth will continue through the end of calendar year 2012 through additions to product offerings and expanding our residential customer base. The Company is expecting current order trends for commercial products to continue for the remainder of the calendar year. The Company is confident in its ability to take advantage of market opportunities as they present themselves. However, our optimism is guarded due to the uncertainty that the upcoming elections and economic factors have on the consumers' confidence and willingness to buy.

The Company remains committed to its core strategies, which include offering a wide range of quality products and price points to the residential and commercial markets, combined with a conservative approach to business. We will maintain our focus on a strong balance sheet and improving profitability. We believe these core strategies are in the best interest of our shareholders.
